

March 2020

While the Yale New Haven Health System does not normally accept donations of supplies and equipment, the outbreak of Coronavirus Disease 2019 (CoVID-19) has restricted the quantities of protective equipment our caregivers use to deliver care to patients. Under these constraints associated with this Covid-19 outbreak, donations from organizations, companies, groups and individuals to Yale New Haven Health, that meet quality and safety standards, can be donated for our hospitals to use.

We are in need of the following resources:

- Disposable Head Covers/Caps
- Disposable Gowns
- Disposable Gloves
- N95 Respirator Face Masks
- Powered Air Purifying Respirators (PAPRs)
- Disposable Face Masks
- Face-shields/Goggles
- Coveralls/Scrubs
- Shoe-covers
- Disinfection Wipes & Liquids
- General Purpose Hand Cleansers

All items should be in original unopened packaging.

We ask that donors submit donation offers to the Yale New Haven Health System at DonationsPPE@ynhh.org with contact information for our staff to respond to. Employees and medical staff who want to refer third party donors should ask the donor to submit their contact information via this email. All submissions will be answered within three business days.

For other questions regarding Covid-19, please call The Yale New Haven Health COVID-19 call center at **833-ASK-YNH** (833-275-9644) 7 days a week, 7 am - 7 pm.
